

EASYkleen TEC BRUSH DC Weld Electropolisher

The EASYkleen TEC has been designed for the sheet metal fabricator. This economical unit is designed for light to medium use. Lightweight and highly portable, the TEC is a great unit for the fabricator who does light gauge (1-3mm) TIG work. With a range of brushes to cover all types of weld geometry and with up to 60amps of available DC output power, the TEC is a very cost effective unit whilst still providing the benefits of the electro-polishing process.

Technical Specifications & Benefits

Electrical Specs

Input - 240v, 50-60Hz
 Output - 20-60amps
 NLV - <35VDC
 Duty Cycle - 100%
 Power Source - Transformer Driven

Case and Lead Specs

Material - High impact structural polymer
 Dimensions - 300mm x 260mm x 130mm
 Weight - 6kgs
 Leads - 8mm² PVC, 3m in length

User Benefits

Simple to use
 Low ongoing running costs
 Safer for user and environment
 Multiple brush options
 Highly portable

Technical Benefits

Ideal for TIG work
 Highest Corrosion Resistance
 Match any finish (2B to Mirror)
 Perfect for material up to 6mm thick

The EASYkleen TEC is the perfect unit for fabricators who are either doing light gauge work or the occasional stainless job. Some applications and industries for this unit are -

- Sheet Metal Work
- Food & Beverage Industry
- Pharmaceutical & Medical Industry

Etching & Plating Kit now available!
